

# Company Profile

**100% genuine digitisation! - That's what *aconso* stands for.**

More than 400 clients already rely on the *aconso* company groups' know-how to shape their HR processes efficiently and transparently. In conjunction with *aconso* AG, *aconso* Services GmbH, *aconso* Jedermann-Akte GmbH and *aconso* HR Solutions Swiss AG, national and international clients are always one step ahead regarding the digitisation. The *aconso* group of companies' HR Cloud Services open up new prospects and stand for the vision to liberate HR from administrative tasks in the long run, creating more time for people. These services realise the full digitisation potential in HR document management, in-house correspondence, personnel data collection incl. logistics, scanning, storing, destroying or returning old files. The group of companies furnishes its numerous clients with full service from a single source.

## *aconso* HR Cloud Services

- Digital Personnel File
- Contracts & processes
- Correspondence & ticketing
- Reference letter
- Scanning
- Knowledge database
- HR document management in SuccessFactors
- Personnel data management

The *aconso* company group does away with the rigid work routine and comes up with an open HR process world. From digitising individual HR processes and optimising processes across departments, right through to outsourcing entire HR processes: the Cloud company provides each client with its very own digitisation depths, enabling interpersonal collaboration.

Many top companies like Lufthansa, Siemens, Deutsche Bahn, MAN, Rossmann, Nestlé, McDonald's and numerous others, place their trust in the company group, as do medium-sized company clients such as Kärcher, Welser Profile and Winkler. *aconso* engages in a long-term partnership with its clients, accompanying them on the road to success in digital transformation.
